PROFESSIONAL SUMMARY

Creative and detail-oriented UI/UX Designer and Front-End Developer with hands-on experience in designing and developing responsive websites from Figma designs. Skilled in Figma, wireframing, prototyping, HTML5, CSS3, JavaScript, jQuery, and Bootstrap, with strong understanding of responsive web design, modern UI layouts, and user-focused interfaces. Experienced in converting high-fidelity Figma designs into pixel-perfect, cross-browser compatible websites and collaborating with stakeholders to deliver effective digital experiences.

EXPERIENCE

UI/UX Designer, *Duplex Solutions Co* 02/2026 – 07/2026 | Manjeri, Kerala

- Led user-centered design processes for ERP modernization, translating complex stakeholder requirements into intuitive user flows and high-fidelity prototypes
- Used AI tools to support UX research, wireframe suggestions, and layout optimization, improving design productivity across projects
- Illustrated design concepts using wireframes and process flows prior to development, gaining hands-on experience in ERP workflow design
- Designed and developed responsive websites for Saudi Arabia, UAE, and Qatar-based contracting and restaurant businesses with modern, professional UI
- Created business profiles and company presentation materials with clean layouts and corporate branding standards, presenting drafts to stakeholders for feedback
- Developed a professional website for a music awards show program, applying UI mockups and prototyping for an entertainment-based project

UI/UX Design Intern, *Febno Technologies* 01/2026 – 02/2026 | Calicut, Kerala

- Designed responsive web interfaces and converted Figma designs into responsive websites using HTML5, CSS3, JavaScript, and Bootstrap.
- Created and refined wireframes, UI layouts, reusable components, and responsive page structures based on project requirements.
- Implemented pixel-perfect, mobile-first, and cross-browser compatible interfaces across different screen sizes.
- Worked with reusable UI components to improve design consistency and development efficiency.
- Collaborated on design and development tasks to ensure accurate implementation of UI designs.

EDUCATION

Bachelor of Arts in Arabic, *Sree Narayana Guru Open University* 09/2022 – 03/2025

Skill Diploma in UI/UX Designing, *Techno Dot Academy* 06/2025 – 01/2026

Tools — Git, GitHub, Vercel, cPanel
Soft Skills — Communication, Team Collaboration, Attention to Detail, Creative Thinking, Problem Solving, Time Management

PROJECTS

Ronaraiksa – Restaurant Website ↗, *UI/UX & Front-End Development*
Figma · HTML5 · CSS3 · JavaScript · Bootstrap · Responsive Design

- Designed the complete website UI in Figma, including wireframes, page layouts, and user flow.
- Converted Figma designs into a fully responsive website using HTML5, CSS3, JavaScript, and Bootstrap.
- Implemented pixel-perfect UI, maintaining visual consistency between the Figma design and final website.
- Developed mobile-first responsive layouts optimized for different screen sizes.
- Ensured cross-browser compatibility and consistent UI implementation.
- Structured reusable UI elements to maintain consistency across website pages.

BizDot Dashboard Redesign - ERP Application, *UI/UX Redesign & Frontend Enhancement*
Figma · Dashboard Design · Responsive Design · Design Systems · Data Visualization

- Redesigned an existing ERP dashboard with a clean and user-friendly interface.
- Improved visual hierarchy, spacing, navigation, card layouts, and overall dashboard structure.
- Designed KPI cards, charts, and financial overview components for clearer data presentation.
- Created consistent and responsive UI layouts while maintaining the existing ERP functionality.
- Focused on usability, readability, visual consistency, and responsive design.

Gemini Music Award - Event Website ↗, *UI/UX & Front end Development*
Figma · Html5 · Css3 · JavaScript · Cpanel geminimusicaward.com

- Designed complete website UI and user flow in Figma for the Gemini National Music Talent Hunt 2026 event
- Built responsive pages for the online audition process, supporting five age-based participant categories
- Created sitemap-driven sections for event highlights, jury & mentor info, rewards, sponsors, and image carousel
